

Electrochimica Colloquia

In Memory of
Bruno Scrosati
A Visionary Pioneer

Date: November 6–7, 2025

Location: Rome, Italy

Website: [Click here](#)

Professor **Bruno Scrosati** was a true pioneer in electrochemistry and energy storage, whose groundbreaking research fundamentally shaped the development of lithium-ion batteries and inspired generations of scientists worldwide. This event aims to honor not only his extraordinary scientific achievements but also his mentorship, vision, and enduring influence on the global research community.

Organized by

Maria Assunta Navarra, EnerChem Group - SCI

Vito Di Noto, ACee Group - SCI

Monica Santamaria, Electrochemistry Division - SCI

SAPIENZA
UNIVERSITÀ DI ROMA

Sponsored by Sapienza University of Rome, Hydro-Eco Research Center, under the patronage of Società Chimica Italiana (SCI)
