

Exploring Fundamentals, Driving Innovation, Advancing Sustainable Future

51st Congress of the Physical Chemistry Division of the
Società Chimica Italiana, Bari 7-10 July 2026

From 7 to 10 July 2026, Bari will host the 51st Congress of the Physical Chemistry Division of the Italian Chemical Society (SCI), continuing its tradition of bringing together Italian physical chemists to exchange ideas, present recent advances, and foster collaboration. The Congress will cover a wide range of topics across theory, experiment, and computation, highlighting how fundamental research in physical chemistry drives technological innovation and addresses contemporary societal challenges.

Key themes include:

- Renewable energy
- Circular materials and sustainability
- Clean water and environmental protection
- Health and life sciences

The program will also feature sessions on spectroscopy, kinetics, electrochemistry, catalysis, materials and nanoscience, quantum chemistry, and data-driven approaches. Researchers from academia, research institutions, and industry are warmly invited to participate and contribute to this important event, offering a valuable platform for scientific discussion and collaboration at both the national and international level.

We look forward to welcoming you to Bari in July 2026.

The Scientific and Organizing Committees

Venue: Campus Universitario, Via Orabona 4, 70126 Bari, Politecnico di Bari

Important dates

- 15 March 2026 – Abstract submission deadline
- 15 April 2026 – Scholarship applications for young participants due
- 15 April 2026 – Notification of accepted contributions
- 30 April 2026 – Deadline early registration

Further information will be available soon on the Congress website (<https://cdcf26bari.cnr.it/>)
