

FIRST CONFERENCE

OF THE ITALIAN

BIOINORGANIC CHEMISTRY GROUP

SEPTEMBER 7-9, 2026

WELCOME

The **scientific** and **organizing committees** kindly invite you to the first conference of the **Bioinorganic Chemistry themed group** of the Italian Chemical Society

TOPICS

1. Metal ions in health and disease
2. Metal-Based drugs and their applications
3. Metalloproteins and functional models
4. Spectroscopic and computational methods in bioinorganic chemistry
5. Natural and bioinspired metal catalysis
6. Bioinorganic compounds in sensing and diagnostics
7. Bioinorganic materials and nanotechnology

CALL FOR ABSTRACTS AND REGISTRATION

- March 15, 2026** Registration and abstract submission **OPEN**
- June 15, 2026** Abstract Submission **CLOSED**
- August 10, 2026** Regular Registration **CLOSED**

MEETING VENUE

Conference Center of the University of Naples Federico II,
Complesso dei SS. Marcellino e Festo,
in the historic city center of Naples.

ADDRESS:

Largo San Marcellino 10,
Naples, Italy

SCIENTIFIC COMMITTEE

Francesco Paolo Fanizzi
Università del Salento

Angelina Lombardi
Università degli Studi di
Napoli Federico II

Tiziana Marino
Università della Calabria

Riccardo Pettinari
Università degli Studi di Camerino

Alessandro Pratesi
Università di Pisa

Michele Saviano
Consiglio Nazionale delle Ricerche

ORGANIZING COMMITTEE

Angelina Lombardi (co-chair)

Flavia Nastri (co-chair)

Stefania Galdiero (co-chair)

Marco Chino

Daniele D'Alonzo

Maria De Fenza

Alessandra Esposito

Linda Leone

Domenico Loreto

Ornella Maglio

Rosa Bellavita

Sara La Manna

Daniela Marasco
